GROW YOUR GIVING FOR NEXT YEAR: As you consider your regular offerings for the ministries of Atonement in the coming year, take a look at what you're giving now (above). Find your annual income in the left column. Then move over to the column that comes closest to your weekly giving. That column's heading will tell you what percentage of your income you are giving. Take some time to pray and ask God : **What would it take for me to grow in giving enough to move one column to the left for next year?**

Giving thanks to God by supporting the mission and ministry work done in and through Atonement Lutheran Church causes the blessing to multiply to other near and far.
